

Soda Crackers and—

anything you choose—milk for instance or alone.

At every meal or for a munch between meals, when you feel the need of an appetizing bite to fill up a vacant corner, in the morning when you wake hungry, or at night just before going to bed. Soda crackers are so light and easily digested that they make a perfect food at times when you could not think of eating anything else.

But as in all other things, there is a difference in soda crackers, the superlative being

Unedea Biscuit

a soda cracker so scientifically baked that all the nutritive qualities of the wheat are retained and developed—a soda cracker in which all the original goodness is preserved for you.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medicinal triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and one dollar bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Stray Pointers.

The Lord will forgive all—but the world forgives all except womankind. Every time a man whips his wife hell gains another foothold on the race.

Men look at a pretty girl just as naturally as a sunflower turns toward the sun.

Making the best of a bad job often tends to transform the work into something good.

One of a bachelor's chief liberties is to lie catercornered across the bed caterwampus.

A woman's tongue is like her wit—diamond pointed both compliment and condemnation.

Give a woman the last word every time and you will be either a fool or a hero in her eyes.

Pride will both lie and steal to keep up appearances rather than do plain and honest work.

Boastfulness is tiresome and amusing—and so is a monkey either in a cage or in society.

Growing is not doing—the grey seldom or never blubbers, but goes out and grins and wins.

A girl hates to see spring come for one reason that she can no longer look kittenish in her furs.

A lady can be satisfied with an old fashioned hat—that is she can if she don't know that it's off on shape.

The wireless glances of a lover to his sweetheart are so plain that you can read them like showbill print.

The divorce mills grind out some mighty soft grass-hoppers who jump at the first chance to get into more trouble.

The tattler-in-breeches is the worst kind that walks—a man is by nature the most able liar when he turns his energy to it.

The man who always has a griev-

ance against society because he does not get what is due him, would have a bigger one if he got it.

The woman worth the most in the coin of wifehood is not always the most popular as an entertainer of miscellaneous triflers.

DR. S. D. BLAND
Of Brewster, Ga., writes:
"I had been a sufferer for a number of years with Lumbago and Rheumatism in my arms and legs, and tried all the remedies that I could gather from medical works, and also consulted with a number of the best physicians, but found nothing that gave the relief obtained from '3-DROPS.' I shall prescribe it in my practice for rheumatism and kindred diseases."

What's the use of buying harness that gives you more worry than profit when
